Phil,

I did not see it on the ARU calendar and it takes too long to check in webforms. Sorry. I talked to Rick about the SEE issue. He and I are on the same page. Lets get these guys applications, interview them, and see what they have to say. If they say they can only work 20 hours and we like both of them, we can explore options.

Thanks

Michael,

Not sure if you called today. As you may recall I took today off to extent the Thanksgiving break a bit. I expect there will not be much time for holidays for the next few months. I will be in the Effects of metals and metal mining seminar Tuesday through Thursday and the Keystone workshop on Friday. The attendee list form the metals workshop is like a list of folks working on Pebble. There are lots state folks from DEC and DNR, but ADFG is notably absent. Several folks from Bristol Bay attending also.

Email is the best way to get hold of me this week. I will be back in the office on Monday.

Phil
